

Junior Division Sub-Committee Travel Grant Policy

Policy Statement

Cycling Southland's Junior Division Sub-Committee provides travel grants to junior riders selected for representative teams.

Purpose

To ensure that Cycling Southland's Junior Division Sub-Committee has a clear policy that is easily understood and accessible around the provision of discretionary travel grants to junior members.

Policy Details

Rider travel grants will only be considered for North Island events and overseas events where the rider has been selected by Cycling NZ or Cycling Southland to compete.

Applications must be applied for in writing to the Junior Division Sub-Committee at least four weeks prior to the event.

To be eligible, riders must stay with the representative team and must abide by all team travel and health & safety policies put in place.

The grants will be considered on an individual basis balancing the ability of the Junior Division Sub-Committee to finance the grant.

The grant amount can vary and will be considered at the time of the request by the Junior Division Sub-Committee. No previous grant will act as a precedent for future grants.

The grants will be determined on the rider's commitment to the organisation, including participation in events such as the King House Removal Series and carnivals, plus fundraising activities, club participation and squad training sessions.

Two coaches will be eligible for the travel grant for national events in the North Island, which will be considered by the Junior Division Sub-Committee on an event basis. The team manager will be paid for by Cycling Southland.

No event entries will be paid.
