- Southland Championship results;
- National/international competition results;
- A rider's behaviour as outlined in the *Cycling Southland Rider Agreement* and/or from previous behavioural history when representing Southland;

Time qualification standards are an indication and a goal for a rider to target. Being outside the time qualification standard does not mean they will not be considered for Southland teams.

The selectors reserve the right not to fill all available positions on both track and road disciplines.

Notification and Team Announcement

A rider selected will be notified by email and/or announced via the Cycling Southland Facebook page.

Appeal Process

A rider who has not been selected in a representative team may lodge a request to the selectors via the office to be considered within 48 hours of the official team being released.

The selection committee will consider the rider's request and the rider will be notified of the decision.
