

CHAMPIONS ON 'FIRE'

The Fire Service, were simply on fire in tonight's Lone Star-Speights Roller Racing Finals.

Regardless of the fact some team members had to endure a number of restarts following mechanical issues with their bike, the team still managed to secure times that not only saw them win the team final but also have two of its male members and one female go through to their respective men and women's finals.

Teams now switch their focus to the Cycling Southland Corporate Pursuit this Sunday 29 June, with racing starting at 9am. Entry is just \$2 adults and students are free.
